

User Architect Cover Letter

4689 O'Keefe Plaza
Strackefort, HI 26678-7141

Dear Hayden Leffler,

Please consider me for the user architect opportunity. I am including my resume that lists my qualifications and experience.

In the previous role, I was responsible for expertise in the area of integrated application architectures in order show how best to apply vRealize solutions to solve complex IT problems.

Please consider my experience and qualifications for this position:

- Excellent written and oral communication skills to the most senior levels (CEO, CTO) internal and external
- Be self-motivated and directional
- Provide and share innovation and thought Leadership
- Confident, diplomatic and flexible leader who is happy to work in unstructured environments
- A solution owner, who is experienced in technology and transformational delivery projects
- Tenacious and can motivate and manage teams of people to achieve common goals
- Thought leader in innovation and strategy
- A portfolio of compelling interaction and visual design work

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Story Zboncak
