

# User Architect Cover Letter

52874 Rory Crescent Daughertyville, KY 34830-7720

**Dear Marion Lind,**

I would like to submit my application for the user architect opening. Please accept this letter and the attached resume.

Previously, I was responsible for expert advice to business executives and IT about how to best solve tough business and technical problems.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Experience of end-user technology areas
- Deep understanding of Microsoft end-user technologies
- Broad range of technology infrastructure experience
- Deep knowledge of mobile end-user technologies
- Good knowledge of comms, voice and video technologies
- Good knowledge of trade desk technologies
- Knowledge of end user technology monitoring and analytics
- Good consultancy skills

**Thank you for taking your time to review my application.**

Sincerely,

Rory Ziemann
