

User Experience Architect Cover Letter

399 Stroman Village New Rhona, WI 00798-4992

Dear Azariah Spinka,

I would like to submit my application for the user experience architect opening. Please accept this letter and the attached resume.

In my previous role, I was responsible for new innovation and follow latest technical trends to attract the consumer and continuously heighten brand desire.

Please consider my qualifications and experience:

- Background in financial services is an asset
- Expert level experience with design and prototyping software (Photoshop, Illustrator, Sketch, Axure, Balsamiq, InVision, Visio)
- Gather business requirements, review and interpret statistics and other research data, and help create effective, desirable and intuitive user interfaces
- Work with product development, editorial, marketing and circulation teams to understand business goals and with designers and developers to guide the prototyping and implementation process
- Be an advocate for, and champion user experience
- Develop and refine research methods and strategies
- Proven track record of establishing successful UX/CX architectures for large enterprise systems and initiatives
- MS in Computer Science or commensurate experience

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Briar Hackett
