

User Interface Designer Cover Letter

632 Labadie MillNorth Dominiqufurt, IN 74378

Dear Lennon Nienow,

Please consider me for the user interface designer opportunity. I am including my resume that lists my qualifications and experience.

In the previous role, I was responsible for a portfolio that includes samples of computer-generated imagery and post-production ability for 3d / motion design.

Please consider my qualifications and experience:

- Deep understanding of UX principles
- Able to work well within a dynamic, cross-discipline, and iterative team setting
- Able to understand and improve the work within the established pipeline
- Excellent skills in software engineering, especially in user interface design
- Experience in graphical design and visualization
- Understanding of human-computer (HMI)/man-machine (MMI) communication
- Good job planning, leadership, and site management skills
- Excellent skills both in Windows and Apple development environments (IDEs)

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Dylan Barrows
