User Interface Designer Cover Letter

308 Raphael LightsNorth Lynn, MD 69371

Dear Haven Kertzmann,

I am excited to be applying for the position of user interface designer. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for expert advice in some or all aspects of the programming methods, tools and/or standards used in the Technology Organization.

Please consider my qualifications and experience:

- BFA/BS/BA Graphic Design, Art, Marketing or similar field
- A professional portfolio with examples of interactive web/mobile/tablet design
- Competent level of proficiency in Adobe Creative Suite (Photoshop and Illustrator)
- Knowledge of best practices and tools used in userfocused design
- Flexibility when working through design revisions, from initial brainstorming to execution and refinement
- Basic understanding of technical considerations related to delivering launch-ready digital assets
- Demonstrated mastery of UI development tools (Photoshop, Illustrator, power point, Excel)
- Able to demonstrate keen attention to subtle detail

I really appreciate you taking the time to review my application for the position of user interface designer.

Sincerely,

Lennox Aufderhar
