

Utility Technician Cover Letter

6675 Trantow Inlet Virolamouth, SC 01038

Dear Reese Smitham,

Please consider me for the utility technician opportunity. I am including my resume that lists my qualifications and experience.

In my previous role, I was responsible for support for process related information to the Environmental and Quality Control Department as needed to assure continuity of data used for environmental reporting and quality control purposes.

Please consider my experience and qualifications for this position:

- Participate in Cross-Functional teams as necessary to support site goals
- Support training of other technicians
- Work as a strategic partner with all other departments within the facility
- Experience installing, maintaining, and repairing utility electrical systems
- Experience installing, maintaining, repairing and calibrating control system equipment
- Experience troubleshooting and maintaining control systems of boilers, generators, chillers and balance of plant equipment
- Experience troubleshooting and maintaining programmable logic control based systems
- Able to pass Arkansas Department of Labor Boiler Operators license examination

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Lennon Boyer
