

Utility Technician Cover Letter

72312 Padberg RiverChrissychester, AZ 06835

Dear Oakley Fisher,

Please consider me for the utility technician opportunity. I am including my resume that lists my qualifications and experience.

In my previous role, I was responsible for initial inspection and approval upon receipt of chemicals used in the testing process.

Please consider my qualifications and experience:

- Knowledge of use of hand tools for various applications
- Troubleshooting / repair of Mechanical/Building Services systems
- Computer Skills (Excel, Word, Client PC Applications etc)
- Experience with utility equipment, steam systems, HVAC, and compressed air systems
- Set up, operate and use pressure gauges, thermometers, leak detectors, flow meters, roto meters and other measuring instruments to the instrument manufacturer's specification
- Operate drill presses, mills and grinders when building or repairing equipment
- Read and understand mechanical, electrical, logic pneumatic and hydraulic prints when troubleshooting and/or repairing utility equipment
- Read and work to indicated accuracy, specifications and tolerances as detailed on engineering drawings, machine assembly prints, machine construction prints, blueprints, sketches, equipment manuals, and vendor diagrams, using both U.S. customary and SI (metric) systems of measurement

Thank you for taking your time to review my application.

Sincerely,

Oakley Watsica
