

# UX Visual Designer Cover Letter

70911 Douglas Track Stantonberg, ME 10217

**Dear Spencer Wisozk,**

In response to your job posting for UX visual designer, I am including this letter and my resume for your review.

In my previous role, I was responsible for uX Leadership within the scrum team to bring the conceptual design to fruition and ensure its alignment to the Product Vision and Design System/Style Guide including UXA, IxD, and VisD.

Please consider my qualifications and experience:

- Willing and able to occasionally travel to Austin, TX and Madrid, Spain
- Working with our campaign writer, able to create creative concepts that align to the overall campaign strategy
- Demonstrated expertise creating prototypes, responsive interfaces, visual, and interaction designs which meet accessibility requirements at the WCAG 2.0 Level AA
- Experience collaborating with product specialists, software developers and stakeholders
- Have designed UI and UX for mobile applications (Android / iOS)
- Have experience creating style guides
- Have experience developing websites or desktop or mobile applications
- Be flexible to travel within and outside the UK on occasion

**Thank you in advance for taking the time to read my cover letter and to review my resume.**

Sincerely,

Dakota Sawayn
