

UX Visual Designer Cover Letter

80537 Ruecker PineMirianburgh, MS 40675-3187

Dear Sawyer Considine,

I am excited to be applying for the position of UX visual designer. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for advice on requirements based on UX practices, advocate for the user and explain design processes, implement feedback, and understand the technical feasibility of designs.

Please consider my qualifications and experience:

- Be open-minded, creative, and self-critical
- Be thoughtful about the role of design in relation to contemporary technology
- Show command of modern front-end technologies and frameworks (HAML/SASS, grid systems, responsive design)
- Interpret people's needs, present design concepts, and effectively communicate
- Create technical drawings for presentations and user interface specifications
- English and French at business level fluency
- An online portfolio or samples of work demonstrating experience creating great user-centered design solutions from the ground up and UI design expertise
- Obsessed with details, fit and finish

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Landry King
