

Valuation Risk Controller Cover Letter

85634 Botsford Trace Emmettfort, WY 83586

Dear Blake Rice,

I would like to submit my application for the valuation risk controller opening. Please accept this letter and the attached resume.

Previously, I was responsible for thought leadership in the analysis of credit risks and assessment performed by the Credit Risk officers of complex project finance, corporate, and structured finance transactions, as well as funds and financial intermediaries, involving loans, equity, credit guarantees and other products.

My experience is an excellent fit for the list of requirements in this job:

- Prior work experience within a product control or valuations preferred
- Deep knowledge of equity derivative products
- Providing ad hoc analysis on request to senior managers in Product Control and in Front Office
- Reviewing and challenging IPV results received from offshore deployment centers
- Working closely with Traders and Risk Management to resolve pricing disparities, substantiate significant mark ups/downs, and report valuation review results to Senior Management
- Performing the control and validation of market data cartographies and pricing configuration
- Work with various valuation models to determine fair value of equity investments held in the Firm's books, while understanding how those companies work and how market environment impact pricing
- Work with credit products such as corporate loans, corporate bonds, credit default swaps' etc

Thank you for considering me to become a member of your team.

Sincerely,
