

# VFX Artist Cover Letter

9514 Otha StreamEast Keshia, CT 43907

**Dear Rory Pfeffer,**

I submit this application to express my sincere interest in the VFX artist position.

In my previous role, I was responsible for documentation and mentors the content creation teams to fully take advantage of our tools and technology.

My experience is an excellent fit for the list of requirements in this job:

- Worked and proven track record on overall Asset build work on international VFX projects/quality of standards
- Worked closely on entire Asset build involving character TD, look Dev and shading part
- Excellent in written and verbal communication, exposed and be able to communicate across sites
- Should be adaptive and able to mold accordingly to the creative need
- A team player and open to discuss share and propose creative ideas/approaches among teams and leads
- Worked on international Feature/Commercials form of VFX projects with proven track record on various range of Assets
- Worked closely on Asset build with character TD's on look Dev and shading part
- Worked on international Feature/Commercials form of VFX projects with proven track record

**I really appreciate you taking the time to review my application for the position of VFX artist.**

Sincerely,

River Crist
