

# Visual Designer Cover Letter

45395 Adelina FortTwannashire, NE 94336

**Dear Corey Mertz,**

I am excited to be applying for the position of visual designer. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for technical expertise to clients and IT management and staff, often partnering with developers on how best to implement your design solutions.

My experience is an excellent fit for the list of requirements in this job:

- Knowledge of games or the gaming industry, and asset production cycles typically associated with these products
- Expert level skills in Adobe Photoshop, Illustrator, Indesign and Sketch or other relevant design tools
- Experience designing awesome sites or apps
- High proficiency in image manipulation and respective tools such as Photoshop
- High proficiency in vector art creation and respective tools such as Illustrator
- High proficiency with standard digital design tools such as Sketch
- Crafting and producing low to high-fidelity wireframes, visual mockups from conception to execution
- Creating a cohesive style guide for use within and across products

**Thank you for your time and consideration.**

Sincerely,

Sutton VonRueden
