

Visual Designer Cover Letter

9211 Emmett Mission North Rayna, HI 61974

Dear Tatum Hane,

I submit this application to express my sincere interest in the visual designer position.

In my previous role, I was responsible for creative guidance and create assets for many different teams with many different business needs across the company.

My experience is an excellent fit for the list of requirements in this job:

- Solid experience in working with timeline design and transitions
- Portfolio that represents a wide range of diverse projects with a focus on visual and UX solutions
- Understanding of interaction design, and designing intuitive user interfaces and navigation for mobile and web
- Take project from inception through production
- High level of proficiency in Adobe CS (esp
- Proficiency using prototyping and design tools such as Illustrator, Photoshop, Axure, InVision, Sketch
- Effectively collaborate and communicate with multidisciplinary team members to explain and evangelize design solutions
- Strong communicator with a passion to learn and contribute

Thank you in advance for reviewing my candidacy for this position.

Sincerely,

Spencer Satterfield
