

# Web Admin Cover Letter

866 Sena Springs Gerlachview, MA 61002-3243

**Dear Blake Walsh,**

In response to your job posting for web admin, I am including this letter and my resume for your review.

Previously, I was responsible for continuous web site and web page design, development, maintenance and administration for Intranet, Extranet, and Internet for NIPERNet, SIPRNet, AKO and public (.com and .mil) web environments.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Experience with content administration using Web Crescendo experience preferred
- Experience with responsive design content editing using a content management system
- Strong knowledge in LINUX/Unix Administration and Web Application
- Knowledge on DNS and GSLB flow
- Should have Good Work Experience on Nginx, node js / tomcat and haproxy
- Knowledge and experience in writing Python and Shell Scripting
- Should have worked on Any cloud environment (Open stack id advantage)
- Creating and managing LVMs and Ext4 filesystem

**Thank you in advance for taking the time to read my cover letter and to review my resume.**

Sincerely,

Charlie Boehm
