

# Web Admin Cover Letter

9801 Cremin MissionSouth Maryjane, ME 87811-3981

**Dear Ari Mraz,**

I submit this application to express my sincere interest in the web admin position.

Previously, I was responsible for technical recommendation on system maintenance and design that supports performance, stability and efficiency of web related systems.

Please consider my experience and qualifications for this position:

- Experience with Oracle Fusion Middleware (OFM) Administration
- Experience with PostgreSQL Database Administration
- Experience with content management systems (Drupal, Wordpress, or similar programs)
- Video or multimedia production skills
- CSS and PHP programming capabilities
- Graphic design for the web
- Flash or After Effects
- Experience working on Web applications and have good understanding of both front end backend

**I really appreciate you taking the time to review my application for the position of web admin.**

Sincerely,

River Wintheiser
