

# Web Applications Developer Cover Letter

1883 Marvin Island East Eveliaborough, WV 98187-1942

**Dear Campbell Effertz,**

I am excited to be applying for the position of web applications developer. Please accept this letter and the attached resume as my interest in this position.

In my previous role, I was responsible for application training and help the user community in getting most form the applications to meet changing business needs.

Please consider my experience and qualifications for this position:

- Familiar with Spring, Hibernate, Angular, Bootstrap and Liferay and/or Adobe AEM preferred
- Experience in web based designs (HTML, CSS, XML)
- Experience in other web related technologies (JSON, AJAX, NodeJS, Rails 5, Angular
- SQL based database knowledge
- Detailed knowledge on UI design preparation and customization
- Detailed knowledge on .NET (ASP.NET, WCF), JavaScript, HTML, CSS, NodeJS, Ajax, JSON
- High level understanding of web based developments and interdependencies with other areas of the global IT system
- Detailed knowledge about the operation of the partner system interfaces

**Thank you for taking your time to review my application.**

Sincerely,

Denver Schimmel
