Web Support Cover Letter

575 Cary OrchardWest Edmundborough, NM 73352-4124

Dear Shae Hand,

I am excited to be applying for the position of web support. Please accept this letter and the attached resume as my interest in this position.

In the previous role, I was responsible for consultancy and support to business stakeholders to complete change programme records and initiates new projects & small enhancements.

Please consider my qualifications and experience:

- Very strong interpersonal and communication skills and eagerness to work collaboratively across departments and functions
- Familiarity with military training data
- Completed apprenticeship in Information Technology or other adequate education
- Understanding of and practical experience with some web development technologies including PHP, XHTML, JavaScript, jQuery, and AJAX
- System analysis skills to determine whether a particular problem is caused by hardware, operating system, application programs, network failures, security or middleware
- Possess excellent written and verbal communication skills necessary for helping clients define technology solutions and working effectively with IT management
- Enrolled in or a recent graduate of a Management Information Systems program or Computer Science program
- Interest in healthcare field

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,
