

# Webmaster Cover Letter

5283 Augustus ShoresHoytstad, MI 90365-5204

**Dear Stevie Jenkins,**

In response to your job posting for webmaster, I am including this letter and my resume for your review.

Previously, I was responsible for subject matter expertise and assistance to other team members and programs on technology and website-related issues.

Please consider my qualifications and experience:

- Web site measurement tools and utilities such as Web Trends, Web QA, Google Analytics
- Knowledge of business procedures
- Knowledge of an ERP application (SAP is an asset)
- Experience with Windows administration and shell scripting
- Experience with social media marketing (targeted web advertising, Google Ad words, sponsored content)
- Experience administering production CentOS/RHEL Linux servers in a multiuser environment
- Experience maintaining high-traffic PHP/MySQL Web sites
- Strong knowledge of Apache, PHP, MySQL administration, Linux security practices (i.e., permissions, iptables, IDS), system monitoring (e.g., Nagios), shell scripting, HA practices (e.g., load balancing, cluster filesystems), DNS administration, and Web site optimization

**Thank you for taking your time to review my application.**

Sincerely,

Azariah Block
