

Webmaster Cover Letter

9390 Batz PlainsYvonneburgh, SD 42838-5161

Dear Dallas Bayer,

In response to your job posting for webmaster, I am including this letter and my resume for your review.

In my previous role, I was responsible for recommendations and implement tactics and features to improve website performance and enhancements to meet business objectives.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- Knowledge of InDesign, Drupal
- Familiarity with UX website development, focusing on Mobile first and responsive design
- Knowledgeable in libraries such as Less, Sass, Bootstrap, jQuery and server site scripting PHP
- Computer science certificate
- Basic skills in Database management (Ms SQL or MySql)
- Experience working previously in an e-commerce platform administration role
- User interface design, information architecture and creative aspect design
- Web site content management systems

Thank you in advance for taking the time to read my cover letter and to review my resume.

Sincerely,

Onyx Padberg
