

Webmaster Cover Letter

7019 Weston TunnelPort Tristan, CA 47334

Dear Morgan Ondricka,

In response to your job posting for webmaster, I am including this letter and my resume for your review.

In my previous role, I was responsible for recommendations to marketing stakeholders to support new Brand product launches and product changes in the website.

Please consider my experience and qualifications for this position:

- Experience addressing security needs across servers and Web sites
- Experience installing server hardware (i.e., servers, routers, RAID storage)
- Excellent troubleshooting abilities (e.g., quickly diagnosing and fixing broken Web sites)
- Able to work on own and with the interdisciplinary team as needed
- Knowledge of software programs and graphics
- Thorough and precise in their work
- Understands international web standards and protocols
- Cross-functional skills of web design/digital design with traditional print graphic design and production

Thank you for taking your time to review my application.

Sincerely,

Drew Mitchell
