

Windows Server Administrator Cover Letter

4489 Nicolas IslePort Elliottside, NH 13000

Dear Ryan Blick,

Please consider me for the windows server administrator opportunity. I am including my resume that lists my qualifications and experience.

Previously, I was responsible for windows Server administration support for incidents, problems and change ensuring that all work is within the relevant service level agreements and adheres to appropriate BT processes.

I reviewed the requirements of the job opening and I believe my candidacy is an excellent fit for this position. Some of the key requirements that I have extensive experience with include:

- VMWare, Esxi, VCenter
- Windows Server Administration certification
- Knowledgeable in Powershell, Hyper-V, Cluster Shared Volumes, Storage Spaces
- Manage application updates, patches and hotfixes
- Energetic and driven to provide top-notch service to internal clients
- Knowledge of working on Windows OS systems (MCSA or MCSE preferred)
- Should be a problem solver and have analytical thinking abilities
- Should be able to provide excellent results and services to assigned tasks

Thank you for taking your time to review my application.

Sincerely,

Peyton Rowe
