

Example of Associate Relationship Manager Job Description

Powered by www.VelvetJobs.com

Our company is growing rapidly and is looking to fill the role of associate relationship manager. Please review the list of responsibilities and qualifications. While this is our ideal list, we will consider candidates that do not necessarily have all of the qualifications, but have sufficient experience and talent.

Responsibilities for associate relationship manager

- Proactive monitoring and management of accounts, being alert to credit deterioration or improvement, and taking timely action including escalation to senior bankers and credit
- Develops deep insight into respective customers and their business
- Develops a trusted advisor relationship with our customers, measured by revenue, retention and reference-ability
- Prepares and leads business reviews, closely aligning our activities with our customer's business strategy
- Articulates and formally presents Ultimate's product roadmap to our clients, demonstrating how it aligns with human capital management trends and their strategic business objectives
- Serves as an advocate for Ultimate in driving industry best practices and the evolution of Ultimate's product and platform functionality integral to the client's success
- Serves as an advocate for the client in ensuring that Ultimate is responding proactivity to the needs of the clients in your territory
- Works with the customers to ensure they are leveraging the solution and achieving success and engaging fee-based resources as necessary
- Monitors overall account health, proactively identifying growth opportunities and functions as a customer advocate
- Successfully identifies barriers to renewal and, at times, negotiates renewal

Qualifications for associate relationship manager

- Demonstrated ability to understand and intelligently apply economic, financial and industry data to make business decisions that drive value for MSD and our customers
- Demonstrated team building and sensitive to diverse culture
- Excellent interpersonal, collaboration, and negotiation skills
- In-depth knowledge of the Aladdin platform and comfort to present and train the nuances to implementation clients
- Candidates must demonstrate existing track record in leading special assignments and projects
- Candidates must have enthusiasm for, and comfort with, working at a fast and furious pace while maintaining quality and the integrity of investment data
