

Example of Collection Associate Job Description

Powered by www.VelvetJobs.com

Our innovative and growing company is looking for a collection associate. Thank you in advance for taking a look at the list of responsibilities and qualifications. We look forward to reviewing your resume.

Responsibilities for collection associate

- Provide ad hoc analytical support to business and senior management in HQ and operation centers
- Greet and engage with the customer at all times, using our product to connect with the customer
- Perform tasks as requested of you each shift and that pertain to the successful operation of the business
- Listen to the customer and observe non-verbal cues to anticipate service needs
- Offer product suggestions and add on additional items when engaging with customers
- Maintain a clean and safe environment that prevents loss and minimizes risk
- Process cashier transactions quickly, accurately and drive our brand loyalty programs
- Keep our product folded, sized, in-stock and organized on the sales floor and up stocks/back stocks
- Place styles, sizes and colors of product on the sales floor so they are available for the customer
- Welcome customers to the fitting room and keep the area neat, clean and organized at all times

Qualifications for collection associate

- Proactively drive process

- Strong conceptual understanding of collection / risk analytics and optimization methods, along with a high level of proficiency in data analytics (ideally with a large-population credit portfolio)
- Extensive SAS and SQL programming skills, preferably in both UNIX and PC environments
- Demonstrated ability in application of commonly used statistical techniques
