

# Example of Consulting Leader Job Description

Powered by [www.VelvetJobs.com](http://www.VelvetJobs.com)

Our company is growing rapidly and is searching for experienced candidates for the position of consulting leader. Please review the list of responsibilities and qualifications. While this is our ideal list, we will consider candidates that do not necessarily have all of the qualifications, but have sufficient experience and talent.

## Responsibilities for consulting leader

- Drive robust talent management strategy, "right people in the right roles" with an eye to recruitment, retention, recognition and career development
- Independently support project delivery, with greater focus on managing day-to-day project activities under the direction of a Director and client stakeholders
- Develop and apply strategic thinking and content knowledge to identify appropriate structures
- Stimulate creative problem solving while thinking 'outside the box'
- Maintain familiarity with financial services best practices and trends
- Provide strategic and tactical consultation to the executive and senior leadership team
- Establish expense budget and expense forecasts, aligning to growth strategies and cost efficiency targets
- Monitor financial (expense, unit cost) performance by measuring and analyzing results
- Effectively and clearly communicate potential risks in a timely manner
- Propose action plans to ensure that annual financial objectives are attained

## Qualifications for consulting leader

- Influencing and leading teams
- Contingency planning and risk management skills

- Proven relevant experience in healthcare, consultancy, project management or contract research organization
- A strong commercial and analytical mind-set, the ability to identify opportunities both to delight customers and meet financial goals
- The ability to think creatively and communicate ideas clearly
