

Example of Film Job Description

Powered by www.VelvetJobs.com

Our growing company is searching for experienced candidates for the position of film. Please review the list of responsibilities and qualifications. While this is our ideal list, we will consider candidates that do not necessarily have all of the qualifications, but have sufficient experience and talent.

Responsibilities for film

- Supporting the Lead with mentoring and training more junior artists
- Creating models as briefed and/or in line with reference materials
- Understanding and following outlined naming conventions
- Presenting models for progress review to Leads, Supervisors and clients
- Ensuring consistency of UV mapping
- Communicating with other departments and production in order to ensure that the model meets relevant requirements
- Making changes or updates to models as required
- Communicating information quickly and succinctly to crew and other departments in person via e-mail
- Able to create photo-realistic digital matte paintings
- Understand all aspects of the digi-matte workflow with a strong knowledge of how to combine 2D and 3D elements

Qualifications for film

- The ability to write technical documentation and present your work (wiki, screen cap)
- Creative, resourceful and with strong spatial awareness
- Efficient with layout of UVs and awareness of texture requirements
- Able to interpret and follow reference material to create clean, highly detailed and accurate models
