

## Example of Flagger Job Description

Powered by [www.VelvetJobs.com](http://www.VelvetJobs.com)

Our company is growing rapidly and is hiring for a flagger. Please review the list of responsibilities and qualifications. While this is our ideal list, we will consider candidates that do not necessarily have all of the qualifications, but have sufficient experience and talent.

### Responsibilities for flagger

- Places, removes and repairs temporary and permanent traffic control devices in construction zones as directed
- Complies with all organizational and regulatory safety standards
- Attend and execute pre-task safety planning requirements each day
- Implement traffic control plans for various construction projects and maintain compliant plans in the field
- Inspect and document traffic control devices to ensure functionality, placement, and safety compliance
- Manages direction of traffic using signs, paddles, hand gestures, radios and/or verbal communication
- Implements traffic control plans per applicable standards per California Manual of Uniform Traffic Control Devices standards
- May perform sweeping and job site clean-up
- May perform 911 Stand-by duties
- May perform excavation of underground facilities and backfilling utilizing appropriate hand tools

### Qualifications for flagger

- ATSSA Flagger certificate is preferred
- Must have some manual labor or construction experience
- Must be able to successfully pass background check and drug test per ODOT

- The ideal candidate for this position will have at least 1-2 years of direct railroad experience, preferably within the Maintenance of Way (MOW) department as a flagger and or maintenance of way technician
- Other railroad and railroad construction experience will be considered
