

Example of Health Care Job Description

Powered by www.VelvetJobs.com

Our company is hiring for a health care. We appreciate you taking the time to review the list of qualifications and to apply for the position. If you don't fill all of the qualifications, you may still be considered depending on your level of experience.

Responsibilities for health care

- Give support to all assigned aspects of consulting engagements and other assigned contracts and projects from scope definition to delivery, assuming ultimate responsibility for contract deliverables, project resourcing and budget management
- Assist in the creation of proposals for business development in collaboration with organization leadership and team members
- Build and manage relationships with key executives and staff at client sites to ensure the success of the engagement(s)
- Develop, update and disseminate knowledge documents related to areas of expertise, such as organizational excellence, revenue cycle, strategic planning and clinical integration
- Develop peer-reviewed articles, sales materials, case studies, internal curricula and trainings
- Work collaboratively with Members and/or their authorized representatives/guardians, providers, and internal colleagues to promote Members' safety, health, wellness, and recovery
- Implements and provides training on new coding guidelines
- Provides training in coding and compliance to physicians, non-physician providers and practice staff on an on-going basis
- Provides specialized analysis and reporting as directed
- Maintains current knowledge of medical compliance and reimbursement policies and regulations

-
- Working knowledge of Federal, state, and local regulations concerning services to individuals with developmental disabilities, strongly preferred
 - Minimum 3-5 years' experience in an analytics role
 - During peak periods, flexibility to work late
 - Evidence of strong analytical skills, and the ability to work independently to organize and accurately execute large volumes of tasks with a minimum of supervision
 - Licensed Social Worker (LSW) or Licensed Clinical Social Worker (LCSW)
 - Must be a Registered Nurse with two years' experience within the past five years
