

# Example of Launch Manager Job Description

Powered by [www.VelvetJobs.com](http://www.VelvetJobs.com)

Our company is hiring for a launch manager. Please review the list of responsibilities and qualifications. While this is our ideal list, we will consider candidates that do not necessarily have all of the qualifications, but have sufficient experience and talent.

## Responsibilities for launch manager

- Facilitate the discovery, analysis, mitigation strategy implementation, and reporting of life cycle risks
- Use commercial software tools for risk register management
- Participate in program integration activities such as organizing integrated product team meetings, systems reviews, and interagency discussions and documentation
- Provide Global Launch Process training and coaching to the Launch Teams
- Collaborate with the greater business development team and launch marketing to close deals
- Travel to various Development Partner offices for meetings, events and trainings
- Negotiating and closing end-customer deals
- Hosting demos and Webinars
- Work with the Launch Lead to understand the client's business requirements
- Provide interface and coordination with the business as functional team lead for the Product Launch Excellence process

## Qualifications for launch manager

- Proficient with Microsoft applications to include Project, Excel, Word and VISIO
- Strong Customer Service or Telesales orientation

- Experience with Apex, SOQL, XML, JSON, JavaScript, jQuery preferred
- Experience with Salesforce.com developer toolkit including Apex Classes, Controllers, and Triggers, Visualforce, Force.com IDE, Migration Tool, Web Services is a plus
- 8+ years of progressive experience scoping and managing large-scale, cross-functional teams
