

# Example of Post Doc Fellow Job Description

Powered by [www.VelvetJobs.com](http://www.VelvetJobs.com)

Our growing company is hiring for a post doc fellow. Please review the list of responsibilities and qualifications. While this is our ideal list, we will consider candidates that do not necessarily have all of the qualifications, but have sufficient experience and talent.

## Responsibilities for post doc fellow

- Analyzing and summarizing research data
- Present research findings at national conferences and the annual GrazingCAP meetings
- Participate in proposal writing
- Perform related and unplanned tasks consistent with the GrazingCAP project research
- Design the experiments and evaluate/interpret results independently
- Primary neuronal culturing
- Confocal/ fluorescence microscopy
- Maintaining fly or mouse colony
- Fly or mouse brain dissection, Immunohistochemistry, Stereology
- Stereological injection of viruses into mouse brains and perform related analysis

## Qualifications for post doc fellow

- Collaboratively participate in and initiate projects, and work with and supervise MD research fellows to initiate and design research studies
- Further develop their expertise and ultimately their own research program in the Center
- The ideal candidate will have a PhD, MD, MPH
- Experience in acoustic signal processing will be advantageous
