

## Example of Rehabilitation Nurse Job Description

Powered by [www.VelvetJobs.com](http://www.VelvetJobs.com)

Our company is looking for a rehabilitation nurse. We appreciate you taking the time to review the list of qualifications and to apply for the position. If you don't fill all of the qualifications, you may still be considered depending on your level of experience.

### Responsibilities for rehabilitation nurse

- Identify and communicate learning needs to the unit director
- Participate in health care conferences
- Makes astute observations of subtle, less obvious changes, both physical and emotional, in patients conditions and accurately and thoroughly documents care delivered and patients responses to care
- Assist the registered nurse (RN) and/or physician in addressing patient's needs for medication/treatments
- Attends change of shift report, team conferences and rounds, and completes care of assigned patients and other tasks
- Promotes the incorporation of current patient care data by actively contributing to the development of the patient's overall health plan and by effectively carrying out assigned nursing interventions
- Takes the initiative to assist the registered nurse (RN) and/or physician to appropriately prioritize overall patient care needs and adjust plans for care delivery
- Interacts with patients according to the Patient Bill of Rights, VA Code of Patient Concerns, and Nursing Service philosophy to provide holistic care to patients
- Maintains general cleanliness and order within the patient's immediate environment and encourages patients to take pride in their environment
- Planning for effective patient care by collecting data pertinent for assessing, planning, and evaluating nursing actions to ensure quality patient care

- 
- Previous experience working in rehabilitation preferred
  - Current RN licensure in the state
  - Minimum of two years of previous nursing management preferred
  - Minimum of one (1) year Rehab nursing experience required
  - Active Licensed Practical Nurse license from the state of Washington
  - Demonstrating knowledge of an age-specific patient population and cultural diversity
